

# Onsite Services

## Let's join forces to accelerate your growth on the web

Maximize your collaboration with WordPress VIP. Our Onsite Services, including the Onsite Service and the Virtual Onsite Service, offer 1-2 days of strategy and training with WordPress experts.

We provide a standardized approach for planning and executing virtual or in-person onsites, tailored to your goals and timeline.

Boost your digital transformation, improve technical and editorial processes, and unblock developer velocity with our Onsite Services.

---

### Targeted discovery

We will work closely with you to understand your business objectives and clearly define onsite outcomes.

---

### Access expert training and support

[Onsite sessions](#) produce tailored technical and strategic solutions, leveraging our extensive product knowledge and expertise in running large websites.

---

### Accelerate opportunities for growth

Maintain momentum with customized onsite deliverables, including presentations, discovery findings, and recommendations for your next business steps.
